Illinois State Dental Society Request for Review of Dental Services Form

Instructions to Complete the Request for Review of Dental Services Form

The Illinois State Dental Society's mediation and clinical peer review process can assist in reviewing disputes between patient and dentist. The disputed issues must be clinical and have occurred in the last two years. This means that the dispute is about the appropriateness or the quality of the dental care that has been provided by the dentist.

The mediation and clinical peer review process is not a court and has no disciplinary function. It merely provides an alternative dispute mechanism, at no cost to either party.

The process **cannot** review office billing or fee disputes or any issue that deals with the business aspects of operating a dental practice. The Mediation and Clinical Peer Review Committee also will not review cases where there is a difference of opinion between two dentists if no actual services have been provided. The process is **not designed to compensate for pain and suffering.**

If ISDS decides that your complaint is appropriate for review, it will be sent to a local dentist who will attempt to mediate your dispute by phone between the two parties. A copy of your Request for Review of Dental Services form will also be sent to the treating dentist so that he/she can be prepared to discuss the complaint with the mediator. If mediation is unsuccessful and it is deemed appropriate, your case will then be referred to a three-dentist peer review panel (not including the Mediator), who will review your complaint and make a recommendation. It must be noted that the recommendation of the Clinical Peer Review Committee is confidential and is not binding on either party. Each party retains his or her full legal remedies. It is the experience of ISDS, however, that the recommendations of the three-dentist panel are accepted by both parties.

Please make sure that:

- **You DO NOT list a specific remedy you are seeking to resolve the case.**
- You have listed the specific name of the dentist that provided the care and not the name of the dental office.
- The dispute was not or is currently not part of a lawsuit.
- You have provided a full description of the events that occurred.
- All documents that you believe are important are included with the form.
- Refrain from posting disparaging remarks on social media.
- You have signed and dated the form.
- You **DO NOT** Fax or email your complaint.
- **You return the form by U.S. Mail to:** Illinois State Dental Society
